*...magnetic planning display board systems*

## MAGNETIC PLANNING SYSTEMS

Robust, interlocking modular planning panels and secure magnetic text plates enable wall mounted or free standing planning displays of any size and application to be assembled. Fully extendable.

### MAGNETIC INFORMATION TEXTPLATES

Profiled magnetic textplates lock onto the gridded and ribbed metal planning panel surface. Changes to plan? Simply slide along the planning line or relocate to another position.

### WRITE ON / WIPE CLEAN

Hand write with the fine point water based marker pens and clean for re-use.

### SNAP TO LENGTH

Magnetic textplates 'snap' to length aligning perfectly with the planning panel grid.

### ELECTRONIC LETTERING MACHINE

No more handwritten textplates! Computer linked lettering machine produces removable printed adhesive labels in a selection of styles and sizes.

### 'ROTATING' PANELS: A PERPETUAL PLANNED OVERVIEW

Once the first time period has elapsed, simply remove the empty left hand modular panel, slide the remaining system panels along the wall rail to the index panel, then re-date and reposition the empty panel at the system end to maintain a perpetual time schedule.

### MST MOBILE STAND

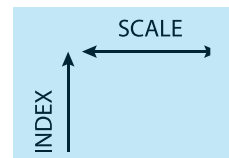

# CUSTOM BUILT MAGNETIC PLANNING BOARD SYSTEMS

...Design your own system by following these 5 simple steps

## STEP 1

**INDEX:** Determine the number and type of 'index' items to be listed vertically onto the index panel.  
(e.g. machines, people, projects)

**SCALE:** Select the time period to be scheduled (e.g. 1 year) and how it requires subdividing  
(e.g. days, weeks, months).

## STEP 2

**INDEX:** Select the number of planning lines for each index item. Total number of index items determines the planning panel depth. Allow for spacing.

**SCALE:** Ref (MP) modular planning panels are divided horizontally into 20 x 10mm width gridded columns. Determine the number of columns needed for the smallest subdivision (e.g. day, week) and calculate the total number of panels.

**EXAMPLE:** 10mm = 1 day, 1 panel = 20 days, 13 panels = 52 weeks (5 day week basis)  
Panels link together and 'rotate'.

## STEP 3

System length (nos of panels) determines the wall rail sets requirement. Usually wall mounted but 1 set of rails (only) may be fixed to the mobile stand.

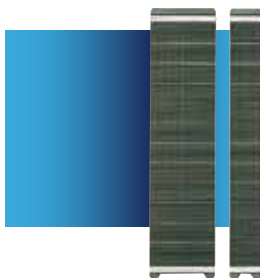

## STEP 4

Activities and key events are scheduled opposite each index item using the colour coded, magnetic textplates or rod signals. Their position and length, expressed against the datestrip, shows the activity start and finish dates. Changes to plan? Simply slide the text plate along the planning line or relocate to another position.

## STEP 5

Estimate the quantity, colours and sizes of magnetic text plates or rod signals. Finally, select the accessories.

## COMPONENTS

REF	DESCRIPTION	SIZE w&h (mm)
<b>MODULAR 60 PLANNING LINE DEPTH PANELS</b>		
MP-60	profiled planning panel	200 x 460
MPS-60	profiled fixed index panel	100 x 460
MPI-60	profiled sliding index panel	200 x 460
MK-60	card index sliding index panel	250 x 460
<b>MODULAR 120 PLANNING LINE DEPTH PANELS</b>		
MP-120	profiled planning panel	200 x 820
MPS-120	profiled fixed index panel	100 x 820
MPI-120	profiled sliding index panel	200 x 820
MK-120	card index sliding index panel	250 x 820
<b>MODULAR 180 PLANNING LINE DEPTH PANELS</b>		
MP-180	profiled planning panel	200 x 1180
MPS-180	profiled fixed index panel	100 x 1180
MPI-180	profiled sliding index panel	200 x 1180
MK-180	card index sliding index panel	250 x 1180
<b>WALL RAILS (sets link together for larger systems)</b>		
MR-115	double tracked wall rail set (incl fixings)	length 1150mm
MR-125	double tracked wall rail set (incl fixings)	length 1250mm
MR-155	double tracked wall rail set (incl fixings)	length 1550mm
<b>MOBILE DISPLAY STAND</b>		
MST	Robust, steel mobile stand on castors. Accepts all panel depths and 1 set wall rails (not included).	1550 x 1850
<b>STANDARD PANEL PLANNERS</b>		
(Complete with wall fittings – no rails required)		
H-30	30 planning lines deep, 40 x 10mm columns wide	400 x 250
H-50	50 planning lines deep, 60 x 10mm columns wide	600 x 370
H-110	110 planning lines deep, 40 x 10mm columns wide	400 x 730
EDS	desk stand for H-30 and H-50 planners	400 length
<b>MAGNETIC TEXTPLATES 5 x 150mm strips, 1 colour per pack</b>		
OPM-1	1 planning line depth (6mm) magnetic textplate	
OPM-2	2 planning line depth (12mm) magnetic textplate	
OPM-3	3 planning line depth (18mm) magnetic textplate	
OPM-4	4 planning line depth (24mm) magnetic textplate	
<b>MAGNETIC ROD SIGNALS (50 pieces 1 colour per pack).</b>		
R-5	Magnetic rod signals 1 planning line	Length 5mm
R-10	Magnetic rod signals 1 planning line	Length 10mm
R-20	Magnetic rod signals 1 planning line	Length 20mm
R-30	Magnetic rod signals 1 planning line	Length 30mm

Colours text plates and rod signal: red, white, blue, light blue, orange, yellow, green, light green, grey, pink, bronze and purple.

## ACCESSORIES

REF	DESCRIPTION	SIZE w&h (mm)
OPF-ASS	Marker pens. Pack of 6 fine point water based pens (3 black, 1 each red, green, blue)	
OPF-BK	Marker pens. Pack of 6 fine point water base textplate pens (Black)	
SB7	textplate storage box (7 compartments)	200 x 260
VD-30	rod signal storage box (30 compartments)	200 x 260
RSB-9	wall rail storage box (9 compartments)	200 x 100
VK-60	Elastic cursor 30/50/60 planning line panels	
VK-120	Elastic cursor 110/120 planning line panels	
VK-180	Elastic cursor 180 planning line panels	
MSC	Magnetic datestrip holder for subdividing systems	length 800mm
PSC-10	Printed 10mm grid datestrips. Pk10.	length 800mm
PSC-20	printed 20mm grid datestrips Pk 40	length 200mm
PSC-S1	printed 10mm division Mon-Fri datestrips Pk 260.	length 200mm
PSC-MWP	printed 20mm division red/black Mon-Fri-W/end	length 200mm
CSC	Cellophane datestrips cover. Pk 10	length 800mm
SEK	Double A5, feint ruled index cards Pk 75	
CPM	Magnetic title card holders, Pk10	length 150mm
PCP	Perforated insert strips for CPM. Pk 250	length 150mm
SMF	Magnetic smiley faces (pack of 3) (Happy-green, Neutral-yellow Sad-red)	Diameter 50mm
<b>ELECTRONIC LETTERING MACHINE</b>		
18125	Electronic lettering machine QWERTY key board label maker to produce (removable) adhesive tapes for magnetic textplates and general usage. Stand alone or PC linked with USB connectivity. Mains adaptor included.	
<b>ADHESIVE TAPE CASSETTES</b>		
43610	Black on clear tape cassette for OPM-1 textplates.	6mm x 7000mm
43613	Black on white tape cassette for OPM-1 textplates.	6mm x 7000mm
45010	Black on clear tape cassette for OPM-2 textplates	12mm x 7000mm
45013	Black on white tape cassette for OPM-2 textplates	12mm x 7000mm
45800	Black on clear tape cassette for OPM-3 textplate	19mm x 7000mm
45803	Black on white tape cassette for OPM-3 textplate	19mm x 7000mm
53710	Black on clear tape cassette for OPM-4 textplate	24mm x 7000mm
53713	Black on clear tape cassette for OPM-4 textplate	24mm x 7000mm

# MAGNETIC PLANNING BOARDS - KIT SYSTEMS

Looking for a quick and simple solution? The most popular applications are available as ready to use boxed kits. Fully extendable.

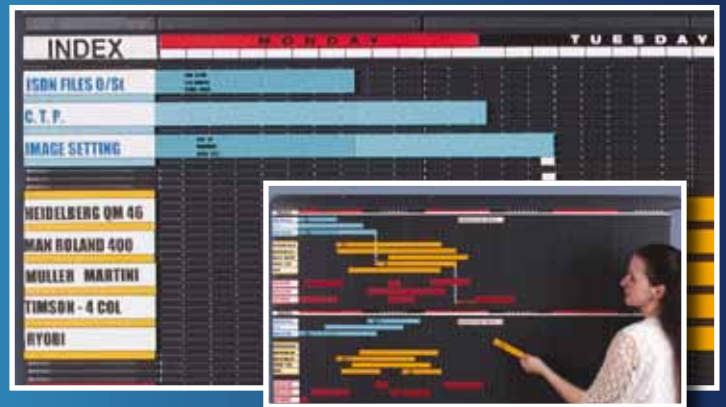

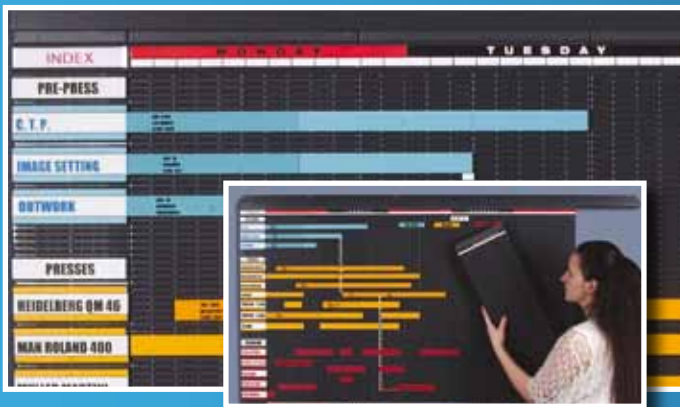

## REFS PPK-52/PPK-52-180 PROJECT PLANNING DISPLAY BOARD KITS

40 or 60 project capacity planning board kit comprising 6 modular panels and an index panel displaying yearly project schedules on a weekly (20mm width) grid basis. Rotating modular panels maintain a perpetual yearly plan. Boxed with accessory kit and 1500cms of magnetic stage and index textplates in 7 colours and 3 depths. PPK-52 size: 1300mm wide x 850mm high, PPK-52-180 size: 1300mm wide x 1180mm high.

## REF OMNI-SPR SUPER OMNIPLANNER KIT

Displays daily schedules of 1-12 month duration updated by repositioning the magnetic (1-31) date strips. Plan using index section or in calendar format. Boxed with 4 modular panels, magnetic month and date strips, 1400 piece accessory kit, wall rail and fittings. Size 800mm wide x 850mm high.

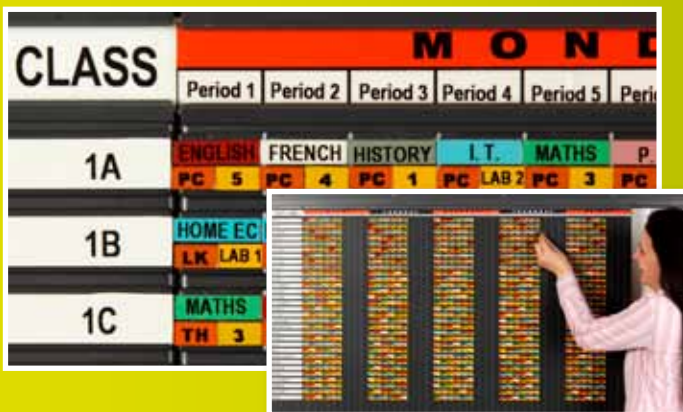

## REF MWP-1 ROTATING ONE WEEK PRODUCTION BOARD KIT

Modular, 40 machine capacity one week 'rotating panel' production unit complete with wall rails, magnetic job textplates and accessory kit. Displays a 12 or 24 hour weekday and 10 or 20 hour weekend production overview dependant on scale. Size 1500mm wide x 850mm deep.

## REF MWP-2 FIXED TWO WEEK PRODUCTION BOARD KIT

Modular, 18 machine capacity two week production unit mounted one week above another complete with wall rails, magnetic job textplates and accessory kit. Displays a 12 or 24 hour weekday and 10 or 20 hour weekend production overview dependant on scale. Size 1500mm wide x 850mm deep.

## REF TDK-120 SCHOOL TIMETABLING DISPLAY BOARD KIT

Modular, class, staff or room timetable kit. Displays a Mon-Fri timetable divided on a 10 period (extendable) day basis. Index Panel lists maximum 60 staff, room or class headings. Includes header strips, wall rails and large curriculum and index magnetic textplate and accessory kit. Size 1100mm wide x 850mm deep.

## KIT REF LPS LINEPLANNER

A lightweight economical, multi-application (DIY) magnetic 'rotating' modular panel display board kit. Divide the panel 10mm grid with pen and rule (included) to personalise the system design. Attractively boxed with lightweight panels, datestrips, wall rails and magnetic textplate accessory kit. Size 1150mm wide x 830mm deep.

# T-CARD PLANNING DISPLAY SYSTEMS

T-shaped cards are suspended by the shoulder into metal, slotted panels. 'At-a-glance' information is displayed on the visible card shoulder with detailed information on the card body.

CUSTOM BUILT SYSTEMS- 3 SIMPLE STEPS TO CONSTRUCT A SYSTEM

**STEP 1** - Select the T-card size and colours. Any combination of sizes per system.

## T CARDS

Packaged in storage boxes that fix to the bottom panel slot.

T-CARD	REF	DESCRIPTION	DIMENSIONS (mm) H x W
SIZE 1	20010	Box(100) 170gsm T-cards	49 x 28
SIZE 1.5	20015	Box(100) 170gsm T-cards	53 x 45
SIZE 2	20020	Box(100) 170gsm T-cards	85 x 60
SIZE 3	20030	Box(100) 170gsm T-cards	120 x 92
SIZE 4	20040	Box(100) 170gsm T-cards	180 x 124

Colours: White, Red, Yellow, Green, Blue, Pink, Orange, Grey, Beige, Purple

	dimensions in mm			
	A	B	C	D
SIZE 1	15	28	49	15.5
SIZE 1.5	15	45	53	36
SIZE 2	15	60	85	48.5
SIZE 3	15	92	120	80
SIZE 3 Short	15	92	60	80
SIZE 4	15	124	180	112

**T CARDS MAY BE PRINTED TO DESIGN**  
**CONTACT SALES DESK**

## PRINTER T.CARDS

No more handwriting! Print T-cards directly from the computer.

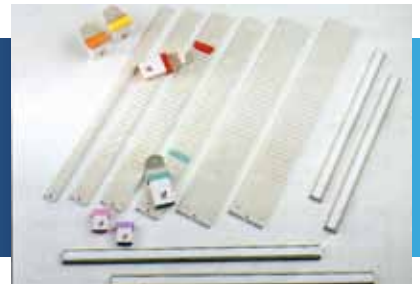

SIZE 2	PTC-2	Pack 20 perforated sheets. 9 cards per sheet	85 x 60
SIZE 3	PTC-3	Pack 20 perforated sheets. 4 cards per sheet	120 x 92

Colours: White, Yellow, Green, Blue, Pink

**STEP 2** - Select the T-Card panel height (No of slots). Any combination of widths but only one height per system.

## T-CARD PLANNER PANELS

T-CARD	REF	DESCRIPTION	SIZE (mm) H x W
<b>32 SLOT HEIGHT PANELS</b>			
SIZE 1	21732	Metal T-Card Panel	655 x 32
SIZE 1.5	21532	Metal T-Card Panel	655 x 48
SIZE 2	22732	Metal T-Card Panel	655 x 64
SIZE 3	23732	Metal T-Card Panel	655 x 96
SIZE 4	24732	Metal T-Card Panel	655 x 128
<b>40 SLOT HEIGHT PANELS</b>			
SIZE 1	21740	Metal T-Card Panel	805 x 32
SIZE 1.5	21540	Metal T-Card Panel	805 x 48
SIZE 2	22740	Metal T-Card Panel	805 x 64
SIZE 3	23740	Metal T-Card Panel	805 x 96
SIZE 4	24740	Metal T-Card Panel	805 x 128
<b>54 SLOT HEIGHT PANELS</b>			
SIZE 1	21754	Metal T-Card Panel	955 x 32
SIZE 1.5	21554	Metal T-Card Panel	955 x 48
SIZE 2	22754	Metal T-Card Panel	955 x 64
SIZE 3	23754	Metal T-Card Panel	955 x 96
SIZE 4	24754	Metal T-Card Panel	955 x 128

**STEP 3** Select the numbers of panels required and choose the preferred method of wall mounting. Use the total system width or rail value calculation to select the appropriate support(s).

## FIXED WALL RAIL SUPPORTS

T-Card panels 'click' into the top and bottom supports forming a permanent and rigid wall mounted display. Combination of supports required for longer systems, complete with header strips and fixings.

REF	DESCRIPTION	LENGTH (mm)	RAIL VALUE
30570	Pair fixed wall rail supports	322	10
30573	Pair fixed wall rail supports	388	12
30571	Pair fixed wall rail supports	481	15
30572	Pair fixed wall rail supports	645	20
30574	Pair fixed wall rail supports	772	24

## FOLDING SUPPORT FRAME (T-CARD CABINET)

Lockable, wall mounted support frame with dry wipe surface door. Panels fix into the back panel and rear of door. 54 slot depth systems only.

REF	DESCRIPTION	SIZE (mm)	RAIL VALUE
1901246	Lockable Support Frame(Cabinet)	975 x 815	20 (per side)

## SWIVEL SUPPORT FRAMES AND WALL BRACKET CONSOLE

For restricted wall space. T-card panels fit back to back in the double sided swivel frame with a maximum of 6 frames fixed into the wall bracket console. Bracket and frames will turn like book pages. 54 slot systems only.

REF	DESCRIPTION	SIZE (mm)	RAIL VALUE
1901063	Double Sided Swivel Frame	975 x 815	24 per side
1901066	Swivel Wall Bracket Console (holds maximum 6 frames)		

## RAIL VALUE CALCULATION

Applicable to all wall mountings

Add the size number on each panel in the system to arrive at the rail value width.

Example;

4 x size 2 panels	= 8
3 x size 4 panels	= 12
<b>TOTAL RAIL VALUE</b>	<b>=20</b> (ref. 30572 rails for fixed system)

FIXED WALL RAIL SUPPORTS

FOLDING SUPPORT FRAME

SWIVEL SUPPORT FRAME

# T.CARD PLANNING DISPLAY KIT SYSTEMS

The most popular applications are packaged as ready for use kit solutions including panels, wall supports, T-cards and fittings.

## REF 29110 OFFICE PLANNER KIT

Coloured T-cards and panels used as daily/weekly planners, message centres or any application requiring information at-a-glance.  
 CONTENTS: 7 x 24 slot panels, 1 index panel, wall supports, 1 box (size 1) index cards, 7 boxes (size 2) T-cards (assorted colours). Size 480 x 480mm.

## REF 29200 ANNUAL/ MONTHLY KIT

Comprehensive planner kit. Displays a yearly schedule by days or monthly schedule by hours. Includes mini perso planner for personal information transfer.  
 CONTENTS: 12 x 32 slot panels, printed index panel, wall supports, magnetic label holders, hourly, daily, monthly labels, 20 boxes (size 1.5) T-cards in 10 colours. Size 660 x 645mm.

## REF 29112 GENERAL PURPOSE KIT

Economical and simple yearly multi-application display board.  
 CONTENTS: 12 x 54 slot panels, index panel, wall supports, day/month labels, 10 boxes (size 2) T-cards (10 colours) Size 960x772mm

## REF PMB-32 PLANNED MAINTENANCE BOARD KIT

A simple and economical maintenance board scheduling yearly maintenance requirements month by month.  
 CONTENTS: 12 X 32 slot panels, wall supports, title strips, 5 boxes (size 2) T-cards (5 colours) Size 550 x 772.

## REF WPDB-32 WORKLOAD PRODUCTION BOARD KIT

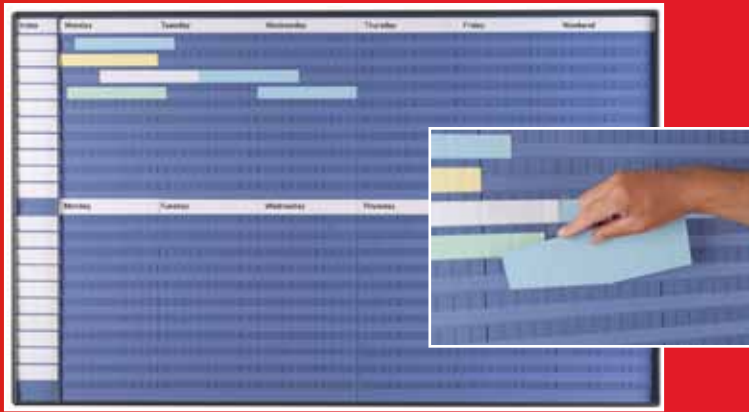

Smaller establishment or departmental production board. Personalise the panel production stage headers and progress job cards stage by production stage providing a complete production overview. CONTENTS: 12 x 32 slot panels, wall supports, headerstrips. 5 boxes (size 2) T-cards (5 colours) Size 550 x 772mm.

## REF 30842 MINI PLANNER (PERSO) KIT

The only portable and personal T-card system binder. Folds to A4 briefcase size.  
 CONTENTS: 4 x hinged 17 slotted column pages, title strips, 10 boxes (size 1.5) T-card.

# PRODUCTION PLANNING BOARDS.... *Your complete schedule 'at a glance'*

## PRODUCTION DISPLAY BOARDS... THE JOB CARD SOLUTION

- Channels hold 80mm depth job cards with a 35mm visible edge.
- Five day week and weekend divided into 12 (20mm width) gridded sections.
- One week (21 machine capacity) and two week (10 machine capacity) kits
- Fully extendable
- Robust blue pvc channels hold overlapping job cards
- Framed units complete with datestrips, headers, index cards and fittings

### REF FCHB-1 FLEXICHANNEL ONE WEEK JOB CARD PRODUCTION BOARD KIT

21 machine capacity, robust, pvc channel planner, one week production board kit boxed complete with index cards, printed header section and fittings. Displays 12 or 24 hour weekday and weekend weekly production overview dependant on scale. Size 1600mm wide x 960mm deep.

### REF FCHB-2 FLEXICHANNEL PLANNER TWO WEEK JOB CARD PRODUCTION BOARD KIT

10 machine capacity, robust pvc, channel planner two week production board kit mounted one week above another boxed complete with index cards, printed header sections and fittings. Displays a 12 or 24 hour weekday and weekend 2 weekly production overview dependant on scale. Size 1600mm wide 960mm deep.

### REF JBC FLEXICHANNEL JOB CARDS

Job cards length 240mm x 80mm depth with 35mm visible edge perforated vertically at 20mm divisions to align with Flexichannel Boards gridding. Colours White, Yellow, Blue, Green, Pink. Pack 25(1 colour)

### REF MWP-1 ROTATING ONE WEEK PRODUCTION BOARD KIT

Modular, 40 machine capacity one week 'rotating panel' production unit complete with wall rails, magnetic job textplates and accessory kit. Displays a 12 or 24 hour weekday and 10 or 20 hour weekend production overview dependant on scale. Extendable. Size 1500mm wide x 850mm deep.

### REF MWP-2 FIXED TWO WEEK PRODUCTION BOARD KIT

Modular, 18 machine capacity two week production unit mounted one week above another. Complete with wall rails, magnetic job textplates and accessory kit. Displays a two weekly 12 or 24 hour weekday and 10 or 20 hour weekend production overview dependant on scale. Extendable. Size 1500mm wide x 850mm deep.

## PRODUCTION DISPLAY BOARDS... THE MAGNETIC SOLUTION

- **ORDERS**  
Orders are scheduled onto profiled magnetic jobplates fixed securely to the ribbed planning board surface.
- **CHANGES TO PLAN?**  
Simply slide the jobplate along the planning line or relocate to an alternative machine
- **MAGNETIC JOBPLATES**  
Reusable jobplates snap to length aligning with the 20mm planning board grid. Either handwritten or lettered with the electronic lettering machine.
- **EXTENSION KITS**  
Any number of kits and extensions may be linked together forming a production board of any length.

### REF WPD-32 WORKLOAD PRODUCTION BOARD KITS

Smaller establishment production board. Contents 12 x 32 slot panels, wall supports, header strips. 5 boxes (size 2) T-cards (5 colours) Size 550x772mm.

## PRODUCTION DISPLAY BOARDS... THE WORKLOAD T-CARD SYSTEM

- Track every order stage by production stage providing a rapidly updated production overview.
- Personalise the system with your own headings detailed onto the integral headerstrips.
- Job information is written onto the T-shaped jobcard body with the 'at a glance' information on the visible card shoulder
- No more handwritten jobcards! Transfer information directly from the computer. Perforated jobcard sheets for printer and photocopier use (not included).

### PTC-2 PRINTER T-CARDS

No more handwritten T-cards! Produce data direct from the computer. Pre cut T-card sheets for printer and photocopier use.

### REF 20020 JOB CARDS

T-shaped job cards suspended in the panel slots. 'At a glance' information visible on the card shoulder, detailed information on card body.

# PRODUCTION PLANNING BOARDS.... *Your complete schedule 'at a glance'*

## PRODUCTION DISPLAY BOARDS... The DIY adhesive channel solution

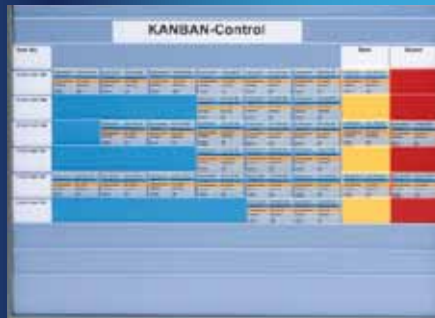

Adhesive backed transparent channel strips are positioned by design and will stick firmly to a backing board ready to hold jobcard strips

REF CH-600 adhesive channel strips. Length 600mm (10 per pack)

REF CH-900 adhesive channel strips. Length 900mm (10 per pack)

REF CH-1800 adhesive channel strips. Length 1800mm (10 per pack)

## KANBAN LEAN PRODUCTION DISPLAY BOARD SYSTEMS

### KANBAN CONTROL

Kanban Boards are manufactured in a variety of designs and sizes maintaining an overview of inventory and manufacturing processes. Wall mounted or free-standing.

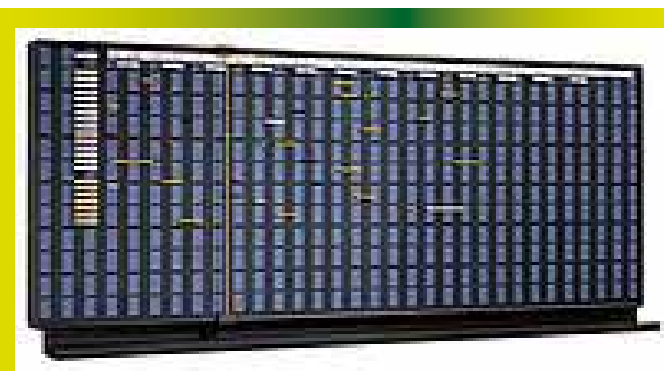

**Need Help? FREE PLANNING ADVISORY SERVICE**

### KANBAN CASCADING DISPLAYS... *the 'traffic light' control system*

Kanban Board constructed with overlapping, modular metal pockets to hold cards of any size or format. Specify the number of columns wide by pockets deep. Cards progress from green to yellow (indicating production to start) and finally to the red zone showing production vital or processes will be at risk.

## TIME - OUT STAFF SCHEDULING DISPLAY BOARD KITS... *holidays, sickness, training, shift patterns – a complete yearly overview*

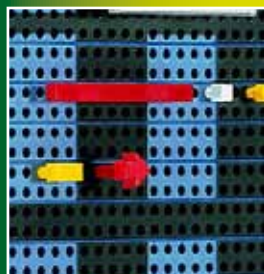

- 50 staff capacity
- 5 or 7 day week yearly plans
- Punched holes for plug-in signals
- Double rows per person for multi-tasking
- Generous colour coded plug-in signal kit
- Robust framed board with accessory shelf fixings

### REF 85-30-705 TIME OUT STAFF SCHEDULING DISPLAY BOARD KIT (5 day week)

Heavy duty, framed staff planning punch hole display board kit. Schedules 50 staff on a yearly, 5 day week basis. Complete with accessory kit. Size 1260mm wide x 480mm deep.

### REF 85-10-715 TIME OUT STAFF SCHEDULING DISPLAY BOARD KIT(7 day week)

Heavy duty, framed staff planning punch hole display board kit. Schedules 50 staff on a yearly, 7 day week basis. Complete with accessory kit. Size 1680mm wide x 480mm deep

# VISUALISATION DISPLAY BOARD SYSTEMS

...professionally showcase your documentation.

- No more overloaded and ignored workstation displays
- Best practice 'must see' information professionally displayed and updated
- Wall mounted boards are personalised with magnetic headers and section title strips
- Printed name and logo options, colour coded displays
- Complete range of magnetic backed document pockets and display accessories

## VISUALISATION FERROMAGNETIC BOARDS

Ferromagnetic, white surface boards and fittings framed in a choice of red, blue, white or aluminium anodised trims. (Please state on order).

REF	SIZE (W x H mm)	DESCRIPTION
89333	900 x 1200	Visualisation Board
89346	2000 x 1200	Visualisation Board
89347	2500 x 1200	Visualisation Board
89344	1000 x 1500	Visualisation Board

Alternative board sizes, surfaces or double-sided boards by request.

## FREE STANDING SINGLE BOARD STANDS

Converts visualisation boards to free standing display

Robust, solid metal stand in matching visualisation board colours. Optional castors for ease of movement.

Height 100mm

## FREE STANDING DISPLAY SYSTEMS

### MODULAR FREE STANDING UNITS

- Kit system comprises 1 display board with side fittings, 2 steel poles and fittings, 2 heavy duty bases
- Extension kit comprises 1 display board, 1 centre steel pole with side fittings and pole adjustment foot
- Any number of kits and extensions of same size boards are fitted together to form a free standing display system of any length
- Matching colour board trims, poles and bases
- Personalise display with magnetic header strips and accessories

Colours; red, blue, white, aluminium and others by request.

REF	DESCRIPTION	BOARD SIZE
FSDB-1	Free standing display kit system	1000 x 1200
FSDB-2	Extension kit	1000 x 1200
FSDB-3	Free standing display kit system	1500 x 1200
FSDB-4	Extension kit	1500 x 1200
FSDB-5	Free standing display kit system	2000 x 1200
FSDB-6	Extension kit	2000 x 1200

Alternative board sizes, surfaces or double-sided boards by request.
